Margaret River's Secret Garden is one of the South West's most exclusive wedding venues.

Hidden within a pristine peppermint forest and nestled alongside the tranquil Wilyabrup Brook, Margaret River's Secret Garden is one of the South West's most exclusive private wedding estates. Blending the timeless romance of a European-inspired garden with the breathtaking beauty of the Australian bush, it offers an unforgettable setting for celebrations that feel both elegant and deeply personal.

As a privately owned estate, the gardens are not open to the public and host only a limited number of weddings each year. This exclusivity allows every couple to enjoy complete privacy, uninterrupted access to the property, and a truly personalised experience from beginning to end.

Exclusively managed by the experienced team at Tiller Events, every wedding is thoughtfully curated with meticulous attention to detail and a commitment to exceptional hospitality. From your first planning meeting through to the final farewell, our team works alongside you to create a celebration that feels effortless, refined and uniquely yours.

We invite you to experience Margaret River's Secret Garden for yourself. There is simply no substitute for wandering through the gardens, discovering each unique space and imagining the possibilities for your own celebration. Private viewings are available by appointment, and we would be delighted to welcome you for a personal tour.

Long Garden Ceremonies

Designed by acclaimed Australian landscape architect Paul Bangay, the Long Garden is a beautifully considered ceremony setting that embodies timeless elegance. Framed by a romantic wisteria-covered trellis and anchored by graceful limestone steps, the garden draws inspiration from the classic formality of European landscapes while sitting harmoniously within the beauty of the Margaret River region.
